### CIRCULAR

#### APPOINTMENT OF INDUSTRY CELL COMMITTEE

The Industry Cell Committee is hereby constituted to strengthen collaboration between the institution and industry. The committee aims to promote industry-academia interaction, facilitate internships, training, industrial visits, expert lectures, and support placement and skill development initiatives. The members of the committee will plan, coordinate, and implement activities that enhance students' industry exposure and align academic outcomes with current industry requirements. The committee shall function as per institutional guidelines and report its activities periodically to the competent authority.
